

MYMSC – GUIA DE COTAÇÃO (INSTANT QUOTE)

Existe um icone dedicado para acessar a ferramenta de cotação que está localizado logo acima da tela

Tambem pode ser acessado através do menu “Quotes & tariffs” → “Instant Quote”

Os critérios para iniciar o processo de cotação são: tipo e tamanho do equipamento.

The screenshot shows the "Equipment Type" form with the following fields:

- Select equipment type:** A dropdown menu with options: Dry, Reefer, Dry. The "Dry" option is selected and highlighted with a red box.
- Select Equipment Size:** Three checkboxes: 20DV (checked), 40DV (checked), 40HC (checked).
- FAK:** A toggle switch set to "YES".
- Cargo Weight (per container):** A text input field with "18000" and a unit dropdown set to "Kgs".

Na sequencia mencionar o par de porto

Payable elsewhere: -5.00 USD

1,877.00 USD

Subject to charges rates based on percentage of cargo value which will be indicated and added at Booking/ET stage.
*Per bill of lading charges will be considered only once per BL.
Additional local and contingency charges may apply.

Please note that for each quote all rates must be for the same shipping window, for the same routing and for the same commodity.
Please note that only one rate per container size/type can be requested. If you want to add a rate for a container size/type already in the basket, please remove the one already in the basket first.
To add a rate for another shipping window and/or routing, please create a new quote.

Quote Conditions

Quote Validity:
Please submit your booking latest by the **03 Jun 2023** to benefit from the rate offered above.
This rate is only valid for shipments between **04 May 2023** and **04 Jun 2023**.
For shipments from/to the United States of America, the rates, charges, and rules applicable to any given shipment shall be those in effect on the date the cargo is received by MSC or MSC agent, including originating carriers in the case of rates for through transportation.

Payment terms:
While the terms of payment are defined at booking and shipping instructions stage, please note that cargo is export and import charges must follow the terms of payment of the freight (e.g. COD, DSB, DDC, DCC, PAGO).

Transit Time:
Advised arrival times, sailing and arrival dates are estimated times only and such schedules may be announced, delayed or cancelled without notice. In no event shall MSC be liable for any damages arising from any delay in scheduled departure or arrival of any vessel or other circumstances used to transport the goods by sea or otherwise. When pre-carriage and/or on-carriage are indicated, the total Transit Time is the combination of the above transit time and the in-transit time. This does not include the connection time at both origin and destination ports.

Charges and conditions:

- Rates do not include any government charges and all charges will be implemented by MSC upon receipt of cargo.
- This quote is subject to the standard free time conditions and tariffs for carriage, detention, storage and loading/unloading.
- Additional charges apply to special conditions like Genhull, oil, chemicals, etc.
- Additional charges (incl. local or inland) and VAT may apply.
- The reported charges may vary based on origin/destination, pick-up/drop-off date, booking office, country, shipping terms or routing.
- This quote is also subject to local charges both at origin and destination.
- The rates provided in the quote may vary due to currency fluctuations.
- For confirmed cargo, the quote is for 100% of the cargo weight. If the cargo is not confirmed, the quote is for 100% of the cargo weight.
- Ship equipment, single value of more than USD 250,000 per container.
- Rental equipment for Phosma may range from USD 5,000 to USD 10,000 declared at time of quotation.
- Shipments of blood plasma or similar products must not be considered as pharmaceutical goods and must be quoted separately.
- Quotation based on instant Quote cannot be used for special equipment, SOC and Shipper Own Tanks. Open Top, Flat Rack and Tankage, Heavy Goods containers, Refrigerated and Self-heating containers as well as any other type of goods which do not meet the criteria and tariff applicable to the MSC. Details can be provided by your MSC Agency of reference upon request.
- Terms and conditions of the Carriers bill of lading or the actual bill of lading as per the Agency Terms and Conditions, in respect of cargo, is available in [MSC container terms and conditions](#) and the rules of the relevant Carriage, available in [MSC container terms and conditions](#), apply as from the issuance of the quote and the respective booking confirmation as it is incorporated by reference.
